

MSR organises CME on luteal phase support

Maharashtra chapter of ISAR organised a CME on Luteal phase support under the leadership of Dr Amit Patki on 19th of August 2025 at hotel Centre point Nagpur. This CME was organised to give insights about the luteal phase support and its role in various clinical situations. Dr Chaitanya Shembekar spoke on the basics of luteal phase support while Dr Amogh Chimote discussed the various drugs available for luteal phase support. This CME was attended by around 50 delegates. The delegates appreciated the insightful talk. This CME was organised in academic partnership with Alembic pharmaceuticals.
