

# **TransformHer Obesity Symposium**

ISAR and MSR hosted the **TransformHer Obesity Symposium** at Hotel Centre Point, Nagpur, on 28th January 2026.

Under the leadership of Dr Ameet Patki, ISAR and Maharashtra chapter of ISAR - MSR organised an interactive session on obesity, new drug semaglutide and its role in infertility.

Program started with Warm welcome by SecretaryGeneral MSR, Dr. Chaitanya Shembekar. He set the tone for an enriching evening.

The cme featured an impactful session by Dr. Himanshu Patil, a renowned Endocrinologist from Nagpur on "The Incretin Era in Fertility Care: A Transformative Approach to Obesity & Infertility" followed by interactive session on use of semaglutide by gynaecologists. It was Well-attended by around 50 fertility specialists & consultant gynaecologists. CME was interactive, insightful, and clinically relevant. The CME

Concluded with a vote of thanks and closing remarks by Dr. Riju Chimote, Convenor, MCM, appreciating the expert insights and active engagement from all attendees and thanking

Academic sponsor, Emcure Pharmaceuticals, and venue partner, Hotel Centre Point, for their generous support in making the event a success.
